21st Century Skills: A Framework for the New Curriculum

Evidence-Based Curriculum Design

Regulations: General Education Act, Citizenship Education Act

Social demands: conversations with different educational agents.

Public Consultation with educators, headmasters, students and experts

Up to date research on curriculum theory, policy and practices

On field research on teaching and learning in the classroom

International comparative analysis

Nations that have incorporated computational thinking skills at the curricular level in all or a large part of their public education system.

2014	2015	2016	2017
England	Italy	Finland	Poland
Israel (CS)	Australia	Canada	Dinamarca
Austria (CS)	Suiza (Region)	France	Malta
Rep Eslovaca (CS)	Canada (Region)	Israel	Rumania
Holanda (Optativo)		United States ((CS) (Region))	New Zeland
Ireland (Piloto)		Croacia (Piloto)	Sweden (Optativo)
Estonia (Piloto)		Lituania (CS (Optativo))	Rep Checa(plan)
Alemania (Region) (Optativo)		Noruega (Piloto)	Hungría (plan)
		Greece (plan)	South Korea (plan)
			Japan (plan)

CS : Complementary course

Optativo : Optative courses

Region: In one or more region of the country

Piloto: Pilot program y/o training or reform soon

Plan: gradual application

Base on Report of the European Commission for "Learning and skills of the Digital Age" (Bocconi, 2016)

Our Work in Progress...

STEM

- A pilot programme to test how STEM works within the classroom
- Project Based Learning in Maths and Science 11-12 levels new curriculum

Computational Thinking

- The new Maths curriculum for 11 and 12 levels includes an optional Computational Thinking course (6 hours)
- A new cross-curricular Maths and Science programme for all levels

CHILE LO
EDUCAMOS
TODOS

A central graphic featuring a black and white photograph of a young girl with her hands clasped, looking towards the camera. The image is overlaid with a grid of colorful icons representing various subjects: a book, a house, a heart, a lightbulb, a microscope, a paint palette, a pencil, a magnifying glass, a triangle, a square, a circle, and a checkmark. The text "Chile aprende más" is prominently displayed in the center.
