

# Welcoming

- Good morning today. Welcome to this “SEAMEO-The University of Tsukuba Symposium VIII” today.
- My name is Kiyoshi Karaki, a professor at Faculty of Human Sciences in University of Tsukuba.
- My major is social studies education.
- I am a chairman of teacher training course committee in University of Tsukuba. Works of the committee are to support of students seeking teachers licenses, to study on teacher education in Japan and to promote partnership between the University of Tsukuba and foreign countries in education sector.

# “Beyond the SDGs: Working Together to Build the Society of the Future Beyond SDGs”

## EFFORTS OF UNIVERSITY OF TSUKUBA

Student Parents & Needs in University of Tsukuba  
Building Family-Friendly campus using our own capacity

# Education Reform and SDGs +Society5.0

- In Japan, various efforts on **SDGs** are carried out at universities, elementary, middle and high schools.
- How do education respond to **Society5.0**?
  - Society1.0: Hunting
  - Society2.0: Farming
  - Society3.0: Industry
  - Society4.0: Information
  - Society5.0: **Society that balances economic development with solving social issues**
