

CRICED and SEAQIM launch pilot project on teacher training for the use of Indonesian Version of Mathematics Textbooks

May 30, 2023

CRICED has been collaborating with the Indonesian Ministry of Education to develop the Indonesian version of "Study with your Friends: Mathematics for Elementary School" by Gakko Tosho. CRICED and SEAQIM, the SEAMEO Regional Centre for QITEP in Mathematics, which plays a leading role in the development of the textbook, have now started a pilot teacher training program for its use. Thirty teachers who are playing a leading role in Yogyakarta will participate in the training.

Group Photo with the Project officials, with CRICED Center Director Masami Isoda in the center and SEAQIM Center Director Sumardyono on the right.

Presentation by CRICED Center Director Masami Isoda.
